SCHEDULE "C"

TOWN OF BASSANO - FIRE SERVICES BYLAW #885/19 RECREATIONAL FIRE PIT REGULATIONS

- 1. A Recreational Fire Pit shall not be located directly under an overhead line and must meet the following minimum standards:
 - i. Is constructed of non-combustible material;
 - ii. Has an open flame that does not exceed 1 meter at its widest point;
 - iii. Does not have walls which exceed 0.75 meters in height measured from the floor of the Recreational Fire Pit to the top of the wall of the Recreational Fire Pit excluding any chimney;
 - iv. Is set upon or built into bare ground or a non-combustible material such as brick or stone.
 - v. Is situated at least 4 meters from any house, garage or similar structure including wooden decks, porches and similar amenity space attached to a structure measured from the part of the Recreational Fire Pit which is closest to the structures or amenity space.
 - vi. Is situated at least 4 meters from any other combustible material measured from the part of the Fire Pit which is closer to the combustible material;
 - vii. Is not located directly under any tree or over hanging branches;
 - viii. Is not located directly above any underground utilities and not be below any overhead utilities; and
 - ix. Only permitted to burn clean, dry wood.
 - x. It shall be at the discretion of the Fire Chief or his or her designated officer to grant a Recreational Fire Pit permit on a Premise whose lots dimensions do not meet the defined setback requirements.
