**Happy**  
**St. Patrick's Day**

**Our annual Spring Sweeping Program** is scheduled for April 9th and 10th to clean up winter sand, dirt, and leaves accumulated on roadways, sidewalks, and boulevards. Regular removal of debris is necessary to prevent storm water drains from clogging, keeps our roads safe, protects the environment and improves the appearance of the Town of Bassano. Sweeping will begin on main street and progress to arterial roads and residential streets.

To help us provide the best service possible, residents are reminded to:

- Keep vehicles off residential and commercial streets to allow the sweeper to do a proper job,
- Keep basketball and hockey nets off the road and far enough back from the curb,
- Be understanding while street sweeping is underway, there may be some noise and dust,
- Be patient. Cold and rainy weather prevents the sweeper from operating.

The Town of Bassano appreciates the co-operation from the residents and businesses. If you have any questions please contact the Town Office at 403-641-3788.
