Policy Statement

To advance the vision to be the most attractive and affordable urban community under 2,500 in Alberta where industry leaders want to invest, where tourists come for a new experience, and where people choose to live, work, and play, we commit to commercial development incentives to stimulate the local economy.

Purpose Statement

The purpose of this policy is to create a commercial development incentive for new builds (new construction) within Bassano, that supports our *open for business* philosophy as defined as the second goal of the Town's strategic plan 2019-2026. The policy compliments multiple strategies that aim to activate the community and local economy over time.

The purpose of this commercial development incentive is:

1. To stimulate commercial development in Bassano.
2. To support business expansion that leads to job growth in Bassano.
3. To create stability within the local economy and business community.
4. To support local businesses.
5. To encourage investments that will grow Bassano.

Process

1. This is a termed development incentive. The total valuation of the incentive is \$150,000 in overall municipal tax credits. The term begins at the date of policy adoption and runs until December 31, 2025, or until that total valuation of the municipal tax credits has been allocated, whichever comes first.
2. To be eligible for a development incentive, the applicant must be in good standing with the Town.
3. A tax credit is non-transferrable and has no cash value. The tax credit when applied, remains on the property it was allocated for.
4. The development incentive is available for Commercial Development on Public Land sales or on Private Land providing it is not defined as excluded.
5. A municipal tax credit is applied to the Commercial Development (at occupancy) based on an improved property assessment. The property assessment is determined by the Town's assessor. Property assessment is not fair market value.

To be eligible for the municipal tax credit, the property's assessment must reach a minimum of 250,000 for a Commercial Development (land and improvements) as shown in Table 1.

Property Assessment	Tax Credit Applied
250,000 to 350,000	\$10,000
351,000 to 550,000	\$20,000
551,000 to 750,000	\$25,000
